“(b)(1) The governing authority of the municipality shall maintain a record of each and every water and sewer project and cost for which the proceeds of the tax are used. In each annual audit a schedule shall be included which shows for each ongoing such project the original estimated cost, the current estimated cost if it is not the original estimated cost, amounts expended in prior years, and amounts expended in the current year. The auditor shall verify and test expenditures sufficient to provide assurances that the schedule is fairly presented in relation to the financial statements. (2) The Governor, the Speaker of the House of Representatives, or the Lieutenant Governor may order, up to once each year, an independent and comprehensive audit of the tax imposed by this article to be conducted by the state auditor in a timely manner. The taxing jurisdiction under audit shall fully cooperate with the state auditor and provide all requested documents, records, or other relevant information. The results of such audit, regardless of who ordered the audit, shall be distributed to the Governor, the Speaker of the House of Representatives, the Lieutenant Governor, and the municipality imposing the tax. This paragraph shall not be applicable to any municipality that conducts an independent audit, at least annually, that includes the tax imposed by this article, provided
