SECTION 2.

Worth County Building Authority.

There is created a public body corporate and politic to be known as the Worth County
Building Authority, which shall be an instrumentality and a public corporation of the State
of Georgia, the purpose of which shall be to acquire, construct, equip, maintain, and operate
certain projects for use by Worth County, the Worth County School District, or any other
political subdivision or municipality located within Worth County for its governmental,
proprietary, public, and administrative functions. The authority shall not be a state institution
or a department or agency of the state, but shall be an instrumentality of the state, a mere
creation of the state, being a distinct corporate entity and exempt from the provisions of
Article 2 of Chapter 17 of Title 50 of the O.C.G.A., the "Georgia State Financing and
Investment Commission Act." The authority shall have its principal office in Worth County,
and its legal situs or residence for the purposes of this Act shall be Worth County.

SECTION 3.

Membership.

The authority shall consist of five members who shall be eligible to succeed themselves and
who shall be appointed by the Board of Commissioners of Worth County. No more than two
members of the authority may be members of said board of commissioners. Any member
of the authority who is a member of said board of commissioners shall serve for a term of
office concurrent with such person's term of office as a member of said board of
commissioners. Each member of the authority who is not a member of said board of
commissioners shall serve for a term of office of three years, except that the initial terms of
office of those members first appointed to the authority shall be specified at the time of
appointment to be one, two, and, if no such member is a member of the board of
commissioners, three years. After such initial terms, those members who are not members
of said board of commissioners shall serve for terms of office of three years each. Members
of the authority shall serve for the terms of office so specified and until the appointment and
qualification of their respective successors. Vacancies on the authority shall be filled by said
board of commissioners for the remainder of the unexpired term and until the appointment
and qualification of a successor. Immediately after their appointment, the members of the
authority shall enter upon their duties. The authority shall elect one of its members as

authority shall constitute a quorum and no vacancy on the authority shall impair the right of
the quorum to exercise all the rights and perform all the duties of the authority and, in every instance, a majority vote of a quorum shall authorize any legal act of the authority, including all things necessary to authorize and issue revenue bonds. The members of the authority shall receive no compensation for their services but may be reimbursed by the authority for the actual expenses necessarily incurred in the performance of their duties. The authority shall make rules and regulations for its own government and shall have perpetual existence.

either fully negotiable coupon form, in which event they shall have all the qualities and
incidents of negotiable instruments under the laws of the State of Georgia, or which
bonds may be issued in whole or in part in nonnegotiable fully registered form without
coupons, payable to a designated payee or to the registered assigns of the payee with such
conversion privileges as the authority may provide, for the purpose of paying all or any
part of the cost associated with the projects authorized by the authority, including the cost
of constructing, reconstructing, equipping, extending, adding to, or improving such
projects or for the purpose of refunding, as provided in this Act, any such bonds of the
authority theretofore issued. If the proceeds of the bonds of any issue shall exceed the
amount required for the purpose for which such bonds were issued, the surplus shall be
paid into the fund provided for the payment of principal and interest on such bonds. All
such revenue bonds shall be issued and validated under and in accordance with the

bonds so authorized, any rents and revenue of the authority may be pledged and assigned. Such bonds shall be declared to be issued for an essential public and governmental purpose, and such bonds and all income therefrom shall be exempt from all taxation within the State of Georgia. For the purpose of the exemption from taxation of such bonds and the income therefrom, the authority shall be deemed to be a political subdivision of the State of Georgia.

SECTION 6.

Credit not pledged and debt not created by bonds.

Revenue bonds issued under the provisions of this Act shall not constitute a debt or a pledge of the faith and credit of the State of Georgia, Worth County, the Worth County School District, or any municipality or other political subdivision located in Worth County, but such bonds shall be payable from the rentals, revenue, earnings, and funds of the authority as provided in the resolution or trust agreement or indenture authorizing the issuance and securing the payment of such bonds. The issuance of such bonds shall not directly, indirectly, or contingently obligate the state or said county to levy or pledge any form of taxation for the payment thereof. No holder of any bond or receiver or trustee in connection therewith shall have the right to enforce the payment thereof against any property of the state or of said county, nor shall any such bond constitute a charge, lien, or encumbrance, legal or equitable, upon any such property. All such bonds shall contain on their face a recital setting forth substantially the foregoing provisions of this section.
SECTION 7.

Trust agreement.

In the discretion of the authority, any issue of revenue bonds may be secured by an agreement or indenture made by the authority with a corporate trustee, which may be any trust company or bank having the powers of a trust company within or without the State of Georgia. Such trust agreement or indenture may pledge and assign rents, fees, charges, revenues, and earnings to be received by the authority. The resolution providing for the issuance of revenue bonds and such trust agreement or indenture may contain provisions for protecting and enforcing the rights and remedies of the bondholders, including the right of appointment of a receiver upon default of the payment of any principal or interest obligation and the right of any receiver or trustee to enforce collection of any rents, fees, charges, or revenues for use of the project or projects necessary to pay all costs of operation and all reserves provided for, all principal and interest on all bonds of the issue, all costs of collection, and all other costs reasonably necessary to accomplish the collection of such sums in the event of any default of the authority. Such resolution and such trust agreement or indenture may include covenants setting forth the duties of the authority in relation to the acquisition of property for and the construction of the project and to the custody, safeguarding, and application of all funds and covenants providing for the operation, maintenance, repair, and insurance of the project or projects and may contain provisions concerning the conditions, if any, upon which additional revenue bonds may be issued. Such trust agreement or indenture may set forth the rights and remedies of the bondholders and of the trustee and may restrict the individual right of action of bondholders as is customary in securing bonds and debentures of corporations and may contain such other provisions as the authority may deem reasonable and proper for the security of the bondholders. All expenses incurred in carrying out such trust may be treated as a part of the cost of maintenance, operation, and repair of the project affected by such trust.
SECTION 8.
Refunding bonds.

The authority is authorized to provide by resolution for the issuance of revenue bonds of the authority for the purpose of calling, refunding, or refinancing any revenue bonds issued under the provisions of this Act and then outstanding and to include in the amount of such refunding bonds all interest and any call premiums that may be required for the redemption and refunding of such outstanding bonds.

SECTION 9.
Venue of actions, jurisdiction.

Any action to protect or enforce any rights under the provisions of this Act or any action against the authority brought in the courts of the State of Georgia shall be brought in the Superior Court of Worth County, Georgia, and any action pertaining to validation of any bonds issued under the provisions of this Act shall be brought in said court, which shall have exclusive, original jurisdiction of such actions.

SECTION 10.
Revenue bond validation.

The petition for validation of all revenue bonds of the authority shall be brought against the authority, and any contracting party whose obligation is pledged as security for the payment of the bonds sought to be validated, as defendants, and the defendants shall be required to show cause, if any exists, why such contract or contracts and the terms and conditions thereof shall not be adjudicated to be in all respects valid and binding upon such contracting parties. It shall be incumbent upon such defendants to defend against adjudication of the validity and
binding effect of such contract or contracts or be forever bound thereby. Notice of such proceedings shall be included in the notice of the validation hearing required to be issued and published by the clerk of the Superior Court of Worth County in which court such validation proceedings shall be initiated.

SECTION 11. Interest of bondholders protected.

While any of the bonds issued by the authority remain outstanding, the powers, duties, or existence of the authority or of its officers, employees, or agents shall not be diminished, impaired, or affected in any manner that will affect adversely the interest and rights of the holders of such bonds. The provisions of this Act shall be for the benefit of the authority and the holders of any such bonds and, upon the issuance of bonds under the provisions of this Act, shall constitute a contract with the holders of such bonds.

SECTION 12. Revenues, earnings, rents, and charges; use.

(a) For the purpose of earning sufficient revenue to make possible the financing of the construction of the project or projects of the authority with revenue bonds, the authority is authorized and empowered to fix, revise, and collect rents, fees, and charges on each project which it shall cause to be acquired or constructed. Such rents, fees, or charges to be paid for the use of such project or projects shall be so fixed and adjusted so as to provide a fund sufficient with other revenue, if any, of such project or projects or of the authority:

(1) To pay the cost of operating, maintaining, and repairing the project or projects, including reserves for insurance and extraordinary repairs and other reserves required by
the resolution or trust agreement or indenture pertaining to such bonds and the issuance thereof, unless such cost shall be otherwise provided for;

(2) To pay the principal of and interest on such revenue bonds as the same shall become due, including call premiums, if any, the proceeds of which shall have been or shall be used to pay the cost of such project or projects;

(3) To comply with any sinking fund requirements contained in the resolution or trust agreement or indenture pertaining to the issuance of and security for such bonds;

(4) To perform fully all provisions of such resolution or trust agreement or indenture relating to the issuance of or security for such bonds to the payment of which such rent is pledged;

(5) To accumulate any excess income which may be required by the purchasers of such bonds or may be dictated by the requirements of such resolution or trust agreement or indenture, or which may be required for achieving ready marketability of and low interest rates on such bonds; and

(6) To pay any expenses in connection with such bond issue or of such project, including, but not limited to, trustees', attorney's, and fiscal agents' fees.

(b) Such rent shall be payable at such intervals as may be agreed upon and set forth in the rental contract or lease providing therefor, and any such contract or lease may provide for the commencement of rent payments to the authority prior to the completion of the project by the authority and may provide for the payment of rent during such times as such project may be partially or wholly untenantable.

(c) Such rental contract or lease may obligate the tenants or lessees to operate, maintain, and keep in good repair, including complete reconstruction, if necessary, the rented or leased premises and projects, regardless of the cause of the necessity of such maintenance, repair, or reconstruction.

(d) Such rental contract or lease may obligate the tenants or lessees to indemnify and save harmless the authority from any and all damage to persons and property occurring on or by
reason of the leased property or improvements thereon and to undertake, at the expense of
the tenants or lessees, the defense of any action brought against the authority by reason of
injury or damages to persons or property occurring on or by reason of the leased premises.
(e) In the event of any failure or refusal on the part of the tenants or lessees to perform
punctually any covenant or obligation contained in any such rental contract or lease, the
authority may enforce performance by any legal or equitable process against the tenants or
lessees.
(f) The authority shall be permitted to assign any rent payable to it, pursuant to such rental
contract or lease, to a trustee or paying agent as may be required by the terms of the
resolution or trust agreement or indenture relating to the issuance of and security for such
bonds.
(g) The use and disposition of the authority's revenue shall be subject to the provisions of
the resolution authorizing the issuance of such bonds or of the trust agreement or indenture, if any, securing the same.

SECTION 13.

Sinking fund.

The revenue, rents, and earnings derived from any particular project or projects and any and
all revenue, rents, and earnings received by the authority, regardless of whether such
revenue, rents, and earnings were produced by a particular project for which bonds have been
issued, unless otherwise pledged, may be pledged by the authority to payment of the
principal of and interest on revenue bonds of the authority as may be provided in any
resolution authorizing the issuance of such bonds or in any trust instrument pertaining to such
bonds, and such funds so pledged, from whatever source received, may include funds
received from one or more or all sources and may be set aside at regular intervals into
sinking funds for which provision may be made in any such resolution or trust instrument
and which may be pledged to and charged with the payment of the interest upon such revenue bonds as such interest shall become due, the principal of the bonds as the same shall mature, the necessary charges of any trustee or paying agent for paying such principal and interest, and any premium upon bonds retired by call or purchase, and the use and disposition of any sinking fund may be subject to such regulation as may be provided for in the resolution authorizing the issuance of the bonds or in the trust instrument securing the payment of the same.

benefits of such funds shall have a lien on all such funds until the same are applied as
provided for in any such resolution or trust instrument of the authority.
