AN ACT

1 To amend Chapter 7 of Title 50 of the Official Code of Georgia Annotated, relating to the

7 The General Assembly finds that Georgia's military installations represent the single largest
8 economic development investment in the state. These installations provide thousands of
9 jobs, both directly and indirectly, to several Georgia host communities. Further, the General
10 Assembly finds that it is in the best interest of these communities and this state to protect and
11 invest in these facilities. In addition, the General Assembly finds that investment into these
12 communities to further the relationship between the military communities and the military
13 installations, as well as any purpose that further integrates such communities and
14 installations, shall be considered a public benefit to this state.
